My aim, whatever the legal problem, is to act in the best interests of the client and bring the matter to a swift and satisfactory conclusion in a cost effective manner.

My broad practice and experience enables me to navigate complex issues with ease. I am a creative thinker and work fluently across my areas of expertise, so as to provide pragmatic and effective solutions to challenges faced by my clients.

I strive for excellence and provide a dedicated and loyal service.

My determination and understanding of the legal process enables me to chart a course for the client, cooperatively using the skills and abilities of others (whether experts or the legal team), to get the job done. I do this by exercising commercial judgement and integrity.

I have appeared in numerous leading cases and have a dedicated and loyal following with a variety of clients due to my ability to take control of a situation and achieve results.

Please do not hesitate to contact me for an informal chat about a legal problem.
